

BLITZ

CREME CLEANSER

Mild, abrasive cleaner easily removes stubborn stains, rust, grease, soap scum and rubber heel marks. Effectively cleans a variety of surfaces in the restroom and food service areas. Leaves behind a pleasant mint scent. Safe to use on porcelain, ceramic and stainless steel surfaces. Micro-grit polishes as it cleans.

DIRECTIONS:

1. Apply directly to sponge, wet cloth or brush. Loosen soil and build-up with rubbing action. Rinse thoroughly. For heavily soiled areas, remove gross soil before cleaning.
2. When cleaning stainless steel, always rub with the grain, not in a circular motion.
3. On chrome fixtures and other polished metals, use gentle rubbing action. For a brighter shine, polish with a clean, dry cloth.
4. Rinse after use.

FORMULA FEATURES:

- Cleans and Deodorizes
